

Factory Supply High Purity 5n R23 Refrigerant CF3h Trifluoromethane

Basic Information

Place of Origin: China
Brand Name: CMC
Certification: COA
Model Number: CF3H
Minimum Order Quantity: 1kg

Price: US \$150/kg
Packaging Details: Cylinder/Tank
Delivery Time: 30 days
Payment Terms: T/T

• Supply Ability: 200 Tons/Year

Product Specification

Model NO.: CF3H

• Product Name: Trifluoromethane DOT/ISO/GB . Cylinder Standard: Valve: Cga330 • Appearance: Colorless Gas • Purity: 99.99% • Boiling Point: 12.5ºC -107.3ºC . Melting Point: • Transport Package: Cylinder

44L 100L 270L

• Trademark: CMC

Origin: Suzhou, China
 HS Code: 2903410000
 Supply Ability: 250t/M
 CAS No.: 7783-80-4

Product Description

Product Description

Trifluoromethane, also known as carbon trifluoride or Freon-23, is a chemical compound with the formula CF3H. It is a colorless, odorless gas at room temperature and pressure. Trifluoromethane belongs to the family of haloalkanes, which are compounds containing one or more halogen atoms (in this case, fluorine) attached to carbon atoms.

Some key properties of trifluoromethane include:

Chemical Formula: CF3H
Molecular Weight: 70.01 g/mol
Boiling Point: -82.1°C (-115.8°F)
Melting Point: -160.0°C (-256.0°F)
Density: 3.56 g/L at 25°C (77°F)

Solubility: Trifluoromethane is sparingly soluble in water.

Trifluoromethane has several industrial applications. It is commonly used as a refrigerant, particularly in low-temperature applications, due to its low boiling point. It has also been used as a propellant in aerosol products. However, it is important to note that trifluoromethane is a potent greenhouse gas with a high global warming potential, and its use as a refrigerant has been phased out or restricted due to environmental concerns.

Please note that the information provided here is based on general knowledge, and specific safety precautions and handling procedures should be followed when working with trifluoromethane or any other chemicals.

Specification:

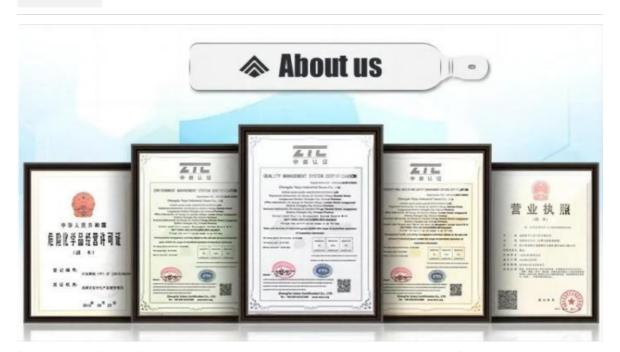

| Product Name | Trifluoromethane | | Chemical Formula | CHF3 |
|---------------|-------------------------------|--------|--------------------------|---------|
| Hazard Class | 2.2 | | Molecular Weight | 70.014 |
| CAS | 75-46-7 | | UN | 1984 |
| Boiling Point | at 1.013 bar [ºC] | -82.16 | at 14.5 psi,[ºF] | -115.87 |
| Density | at 1.013 bar,15ºC, [kg/m³] | 2.986 | at 1 atm., 70ºF,[lb/ft³] | 0.182 |

Company Profile

Shanghai Kemike Chemical Co., Ltd is staffed by trained personnel, combine many years experience in Gas industry. We supply cylinder gas, electronic gas, etc., and the gas holder, panel, valves and fittings and other equipment, parts and engineering services to our customers in China and worldwide; The products are involved in various industrial fields, such as semiconductor chip, solar cell, LED, TFT-LCD, optical fiber, glass, laser, medicine, etc., Our mission is to partner with our global customers to provide support, solutions and quality products that are innovative, reliable, and safe.

Our products mainly include: H2, O2, N2, Ar, CO2, propane, acetylene, helium, laser mixed gas, SiH4, Sih2cl2, SiHCL3, SiCL4, NH3, CF4, NF3, SF6, HCL, N2O, doping mixed gas (TMB, PH3, B2H6) and other electronic gases.

| SiCl4 NH3 | NH3 | CH3F SiH4 Kr H2S WF6 | F6+CI2 |
|--------------|------|---------------------------|--------|
| 4MS C3F8 | C3F8 | TEOS CH4 PH3 SF6 C2 | HCI+Ne |
| CF4 C4F8 | SiH2 | | TMB+H2 |
| SiF4 C3H8 | CI2 | | He +As |
| BBr3 C3H6 | DCE | | Ge+Se |
| POCI3 N2 | SO2 | | D+B |
| BCI3 D2 | CO2 | | CO+NO |
| SiHCI3 CH2F2 | HF | AsH3 C2H4 C2H2 HBr COS | Ar+O2 |
| TMAI DMZn | DEZn | GeH4 C2H6 B2H6 H2Se GeCl4 | Xe+NO |

Our Advantages

- 1. Fast delivery;

2. Stable raw material source;
3. On-line analysis system for quality control in every step;
4. High requirement and meticulous process for handling cylinder before filling;
Our carbon monoxide have been exported to many countries like India, Pakistan, Malaysia, Indonesia, Australia, Singapore, Maldives and Ecuador.

Since the establishment of our company, it has received universal praise by virtue of good reputation, high quality and perfect after service.

1. Q: Are you a factory or a trading company?

A: We are a manufacture and trade integration company. Expert R&D department and sophisticated supply chain is our key of success.

2. Q: Are bulk orders and multiple product orders available?

A: Yes, we have a strong production supply system to make sure all of your requirements satisfied. One station product solution is our aim of service.

3. Q: What if I never imported this product before, how do I do it?

A: Don't worry. We have import and export experience with over 50 countries over the world, our fulfillment department will guide you every step of the process.

4.Q: What is the MOQ?

Different products have different min order. It's depends on the kind the gas and the cylinder specifications. Please feel free to contact with me directly for your requirement.

5. Q: Why choice us Kemike Gas?

A: Stable Supply, Professional Solution, Reasonable Price, and Safety Business with our Taiyu.

6. Q: How does your factory do the quality control? A: We have standard quality control procedure.

- a> In production, we have quality analysis system to make sure each step is qualified.
- b> Before filling, we do the pre-treatment for the cylinders to clean well.
- c> After filling, we will do 100% inspection analyze before delivery.

7. Q:ls it possible to ship by air?

A:Gases are classified into class 2.1, class 2.2 and class 2.3 which are inflammable gas, non-flammable gas and poisonous gas. According to regulation, inflammable gas and poisonous gas cannot be shipped by air, and only non-flammable gas can be transported by air. If the amount purchased is large, sea transportation is better.

8. Q:Can I customize the package?

A:Yes of course! The most regular package is cylinder. Its size, color, valve, design and other requirements can all be met.

9. Q: What is the package & storage details?

A:Seamless steel cylinder with different valves, or as to your requirement.

Stored in shady, cool, dry, ventilated warehouse, and keep away from sunlight and ramming.

10. More question.....

Feel free to contact us, you will get immediately reply.
